A group of 440 officer personnel file (12 linear feet) pertaining to the application of the individuals for appointment as reserve officer, and related papers. Twenty-six files are marked to indicate that the person has later died. A considerable number of the files pertain to professional people, doctors, veterinarians, etc. Most files contain a short curriculum vitae, genealogical list of antecedents, list of past and present political affiliations, and letters by friends and acquaintances verifying suitability or appointment as officer. Includes personal name files of former Austrian Army officers.
